⌨️ Experience

Developer at Apollo Networks

2025 (ongoing)

Just starting out volunteering as a developer for Apollo networks I work with other developers to create Lua scripts to add more opportunities to their games, as well as bug fixes when things go wrong. This has helped broaden my understanding of the gaming and technical industry.

KFC Kingston Back of House Cook and Customer service worker

2022 (ongoing)

Working as a cook at KFC included working with cooked and uncooked food, food preparation, teamwork skills with other cooks and team members. As a part of my role, I was tasked with completing washup on my closing shifts. I also trained and work as a customer service member, helping resolve customer complaints, as well as handling money and payments. I also have to constantly communicate with the team I am working with to ensure things get done in an efficient manner. My role has led me to help train newer members of my team, helping them learn and solve issues.

Aspect Support - Disability Support Worker

2026 (ongoing)

Working as a disability support worker with Aspect Support has given me valuable skills in communication and understanding. I work with people with a range of different disabilities, helping them access the community how they wish. This job includes working in different locations in situations where there are not other employees nearby, it has further shown and improved my understanding of the need for integrity and responsibility in the workplace.

Responsible Serving of Alcohol

2023

I have completed my RSA Through the enrichment program at Hobart College.

Food Handler Training | Kingsborough Council

2022

I learned about the importance of storing food at the correct temperature, the different types of bacteria, viruses, and parasites that can be found in food that has not been prepared properly, and the importance of proper hygiene when handling food.

School Rock Band

2020 - 2022

School rock band requires a weekly commitment of arriving to school at 7am for rehearsals and setting up the lunch before. I also attend after school functions to perform and assist as an audio technician at school events.

School Musical

2021

I was a member of the technical team for the school play last year, this included working with others to communicate timing of stage lighting and audio cues. This involved multiple weekly commitments for a period of one month.

🎓 Education

Bachelor of Information and Communication Technology

2025 - 2027

I am currently studying full time at the university of Tasmania. Double majoring in application and web development, and also artificial intelligence.

Southern Christian College

2015 - 2022

I attended Southern Christian College for primary and high school.

Hobart College

2023 - 2024

I attended Hobart College where I completed the following classes:

- Career Life and Planning: Standard Achievement
- Electronics Foundation 2: Commendable Achievement
- Math Methods – Foundation 3: Commendable Achievement
- UTAS: Music Technology Projects 1: High Achievement
- Computer Science 3: High Achievement
- Financial Literacy: Standard Achievement
- Computer Graphics and Design 3: Standard Achievement
- Housing Design 3: Standard Achievement
- Engineering Design 3: Standard Achievement
- Legal Studies 2: Commendable Achievement

Overall I achieved an ATAR of 62.95

🛠️ Skills

Mechanical Knowledge

When it comes to services and general maintenance on my vehicle I always try to do it myself, I am committed to deepening my automotive knowledge.

Computer Literacy

I've built in in-depth understanding of how different computer systems work, this means that I can learn, understand and use different computer systems and software quickly and ef
